2. Reasons for the Revision

Based on the situation of improvement in per-unit profit and fluctuations in exchange rates, etc., despite the negative impacts of reduced wholesales volume due to a shortage of shipping vessels and surges in raw material prices, we revised the full-year forecast for the Fiscal Year ending March 31, 2023, as shown above.

Exchange rates for the full-year, which are the assumptions for the consolidated financial forecast, are expected to be 134 yen to the U.S. dollar and 140 yen to the Euro.

Also, we have revised the full-year Global retail volume forecast to 1,163 thousand units.

* Forecast in this disclosure is based on information currently available to Mazda Motor Corporation. Actual results may differ from those disclosed as above due to various factors in the future.
